

Wisbech Community Farm

Our team are eager to meet local residents of Walsoken, and will be at Walsoken Village Hall on the 10th January between 4.40pm-7pm with a cuppa and biscuits, open for all to drop in and chat about our plans for developing a therapeutic farm in the local area.

People & Animals UK is a Community Interest Company (No. 09738365) based in Wisbech, providing animal and land-based therapeutic interventions, activities, education and skills development opportunities for children, young people and adults to support and enhance the physical, emotional and social well-being of individuals and the wider community.

Through our services and programmes in the local area over the past few years, we know that we can support even more of our local community for the better, providing a safe, non-clinical base with a difference – **situated along Lynn Road, Walton Highway.**

Our vision brings people together through the appeal of animals and nature, providing early intervention, rehabilitation, multi-agency working, community skills swap & share initiatives, sheltered volunteering schemes and routes back into employment. This space will **not** be a 'petting farm' but a therapeutic space for our trained team of professionals to support people in regaining control over their lives. For the community, led by the community.

Pop in and have a chat, or just get in touch any time, we would love to hear from you.
