18/01037/FM Proposed change of use to site 3 static holiday homes (to fit within the definition of a caravan) and 5 touring pitches to support existing fishing lake at Land And Ponds S of 52 Broadend Road E of Zoar Cottage And W of Turpitts Field Green Lane _____  18/01037/FM Proposed change of use to site 3 static holiday homes (to fit within the definition of a caravan) to support existing fishing lake at Land And Ponds S of 52 Broadend Road E of Zoar Cottage And W of Turpitts Field Green Lane	WPC defers this decision to Kings Lynn Borough Council. The Parish Council has been contacted by 2 residents who have expressed concern about caravans using the very narrow road to the site, particularly when passing. They are also concerned about the junction of Green Lane onto Broadend Road. ..... Walsoken Parish Council objects to the application as the local residents have expressed the following concerns -Delivery of aggregate for the car park will potentially mean large vehicles travelling along Green Lane which is very narrow -Vehicles turning and parking plus caravan occupation will disturb neighbours -Caravans are higher than the 2m fence on the boundary so will overlook nos. 48,50 and 52 Broadend Road - planting of screening trees not undertaken to date -Size of 2/3 bed caravans are too large for the 10 pitch fishery -Restriction on site entry/exit times not suitable for caravan occupation -Original planning conditions not yet completed e.g. toilets, car parking, landscaping and fencing of small pond -How will site activities be monitored -Application indicates occupation of one caravan for use by a warden, if occupied by a family this could set a precedent for another caravan site	Application Refused 12 November 2018 Delegated Decision

-Potential for the site to be developed into a residential site
-Previous appeals have indicated no further developments in Green Lane
